A good house greeted Rob Burdette, the mirth-provoking lecturer, Monday night. There is something so ludicrous, and yet without sarcasm, in his talk that he is a general favorite here, not only upon the platform, but among the circle that always surrounds him when he holds up our own follies before us in such a comical way that he sets us laughing at ourselves in spite of ourselves. Interlarded with them are veins of pathos and touches of human nature that gives the whole thing a zest that mere nonsense can never possess. As a humorist he ranks among the first now living. The Baptist young people are very highly pleased over the success of their enterprise.

Nine mail sacks filled with seeds were delivered at the postoffice yesterday morning for Mrs. E. J. Jordan. They are a legacy from the agricultural department, and will be distributed among the horny-handed sons of toil in the district.

Wyoming County Pomona grange meets here today, the morning session beginning at 9:30 o'clock in the Grand Army of the Republic hall. S. R. Kinges will make the address of welcome, and H. P. Loomis, of Lemon, responds. The first topic for discussion will be: "Would it be a benefit to society to levy a tax for celibacy on every man who reaches the age of 20 years unmarried?" Mrs. Norman Sterling, of Meshoppen, leads. The next topic will be brought on by Mrs. Samuel Decker, of Falls, and is: "Who does most good; they that leave nothing undone at home, or they that devote some time to the cause of education, temperance and social purity?" Mrs. George B. Patterson and Mrs. Edith K. Stark, of East

Lemon, as well as others, will assist in the way of essays, discussions, etc. Guests from out of town will be furnished dinner at the Keeler House at the expense of the home society.

A case of diphtheria is reported in the Rhinehart family up Turnpike street. The victim is Anna, one of the little girls.

The evangelistic meetings at the M. E. church are moving with gratifying success, and quite a large number of seekers are at the altar nearly every service. A general breakup is confidently looked for before the close of the campaign, which will doubtless be early next week, as Mrs. Davis expects to leave at that time. She is a practical, forceful lady, thoroughly imbued with the spirit of her master, and it is apparently her highest ambition to induce people to become reconciled unto God. She announces her readings for Wednesday and Friday afternoons at 3 o'clock, and also on Thursday evening, when her topic will be "A three-story house with but one window in it." The Sunday morning services will begin at 10 instead of 10:30, when she will relate her own experience—how she was converted, drifted away into skepticism, reclaimed and started into evangelistic work. At 3 p. m. a men's meeting will be held, at which Mrs. Davis will sing and speak. These men's meetings are spoken of in other places as most interesting.

Captain W. G. Graham is an enthusiastic sportsman, and a day or two ago went over to Scranton to interview Fish Commissioner Stillwell in regard to getting some bass try to put into the Susquehanna at this point. He was told that Tunkhannock had had its proportion of fish and no more could be furnished. As the captain knew that we had had none at all for three or four years he examined the books and found that some of the Lake Carey chaps had been getting fish on our credit. When the thing was explained the commissioner promised to send over 10,000 black and yellow bass for the river, and a lot of speckled trout for the tributaries of Bowman's Creek as soon as the waters get warm enough. Illegal fishing has done much to destroy game fish in the river, and a trap is being laid for those who indulge in it. If caught they will be sure to hear something drop.

Prepare for Spring

If you were about to journey to a warmer or colder climate you would make careful preparations.

Besides taking a supply of warmer or cooler clothing, as the case might be, you would thoughtfully select a stock of medicines as safeguards to keep you in good health.

The cures accomplished by Hood's Sarsaparilla tell what it does more eloquently than any argument which can be written. Read the frank statement below:

"Last spring, on account of overwork and bad humors, I became very much run down. About June a scrofula bunch appeared on the left side of my collar bone. It was very sore continually, and after a time my left arm began to feel disagreeable. In a short time it pained me nearly all the time. With that and the scrofula was in perfect misery all through the summer. I came so bad that my friends tried to me get to have a doc-

Purify Your Blood

Now we are all about to change to a warmer climate, though not of our own volition, and what is more reasonable than to take a reliable medicine to resist the debilitating effects of higher temperatures?

Hood's Sarsaparilla is just the medicine needed. It thoroughly expels

tor, but I thought I would try Hood's Sarsaparilla. I have taken five bottles and part of the sixth and am feeling like myself again. I have gained flesh rapidly. The scrofula bunch and my lameness has all gone, and I feel like a new creature." MISS HATTIE M. CLARK, Parkman, Maine.

Washington camp, No. 314, Patriotic Order Sons of America, will hold their regular meeting this (Wednesday) evening.

The Baptist church was crowded last Saturday night on the occasion of the grand entertainment for the benefit of George Fell west, No. 297, Grand Army of the Republic. It would be hard to discriminate among the many who volunteered their services with recitations and songs to make it a success, as they all acquitted themselves admirably. Miss Julia Alton, of Scranton, received the hearty applause of the entire audience upon the rendition of beautiful recitations and songs, and was repeatedly encouraged.

NICHOLSON.
